**ALCOR LIFE EXTENSION FOUNDATION
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1993**

1. Summary of significant accounting policies:

Fund accounting

To ensure observance of limitations and restrictions placed on the use of resources, the accounts of the Foundation are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. All financial transactions have been recorded by fund group into the following funds:

General: Revenues which are not restricted as to usage and expenses for the general operations of the Foundation are classified into the general fund. The Board of Directors has determined that 10% of certain general fund revenues should be set aside for patient care and accordingly, approximately \$12,272 has been transferred to the patient care fund.

Patient care: Upon deanimation, a pre-established amount, received generally from insurance proceeds, is estimated for the long-term care of patients, placed in the patient care fund and classified as Deferred Patient Care Reserve. Such amounts are invested in fixed income and equity securities, the income of which is restricted in use to the costs of patient care and for any ultimate costs of reanimation.

Research: The portion of the proceeds received upon deanimation which is not designated for long term patient care is placed in the research fund and used for the initial costs of suspension. Any excess over such costs is transferred to the general fund and is available for the operations of the Foundation. Research grants restricted to specific research activities are also placed in the research fund.

Endowment: The Foundation received a bequest from a member which was, per the last will and testament, unrestricted as to usage. However, the Board of Directors restricted usage of the bequest to investments in securities and for short-term loans to the general fund for operating purposes. Income earned by endowment fund investments is unrestricted and, accordingly, is classified as general fund income.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 1993**

Building fund: Donations received are placed in the building fund for use on the expenses to be incurred on Alcor's move to Arizona.

Property & equipment

Property & equipment & leasehold improvements are recorded at cost. Major additions and betterments are charged to property accounts while replacements, maintenance and repairs which do not improve or extend the life of the respective assets are expensed in the year acquired. When property is retired or otherwise disposed of, the cost is removed from the asset account, accumulated depreciation is charged for the depreciation provided and the difference, after taking into account any salvage amount, is charged or credited to operations.

Income taxes

The Foundation is a non-profit organization exempt from income taxes under Internal Revenue Code section 501(c)3. Accordingly, no income taxes are provided in the accompanying financial statements.

2. Investments:

Investments in cash and equivalents are presented in the financial statements at market value and consist of mutual funds, U. S. Government obligations and corporate stocks and bonds. Investments in property consists of the following:

Investment in Arizona building	\$195,000
Investment in U.K. building	28,000
Investment in Symbex limited partnership	<u>85,000</u>
	\$308,000
